ABOUT COSTA RICA

FEEL THE WARMTH

Costa Rica is as unique as it is welcoming to visitors. Located between Nicaragua and Panama, Costa Rica has been coined the Switzerland of Latin America because of its peaceful existence. As the first country in the world to constitutionally abolish its army, Costa Rica has put a large emphasis on education, which is evident by the country's 98% literacy rate.

In addition, Costa Rica is a country that encompasses varied landscapes including beaches, volcanoes, rainforests and mountains. With only 0.1% of the world's landmass, Costa Rica contains 5% of the world's biodiversity. These unique ecosystems are very much intertwined into the lifestyle and culture of Costa Rica. Costa Ricans, often called "Ticos," have a deep sense of appreciation and respect for the environment. This attitude of appreciation extends to Costa Ricans' philosophy on life, simply summed up as "pura vida." Both as a greeting and a farewell, Costa Ricans use the phrase to express something akin to a philosophy of strong community, perseverance, good spirits and enjoying life slowly.

FS PENINSULA PAPAGAYO

A perfect balance of comfort and luxury, FS Peninsula Papagayo is a magnet for those seeking an experience that energizes and indulges the senses. Here, the serene sanctuary of an unspoiled world of luxury welcomes each guest to pura vida, or "pure life". The first Forbes Five-Star luxury resort in Central and South America, Four Seasons has long been a destination for active families and couples, nature enthusiasts, bold adventurers and those seeking the finest in attentive service and transformational experiences.

ABOUT PENINSULA PAPAGAYO CROWN JEWEL OF CENTRAL AMERICA

Part sophisticated community, part primitive playground, Peninsula Papagayo fulfills a dream to create Central America's premier residential resort destination. Imagine a tropical wilderness nearly surrounded by sapphire waters, spanning 1,400 acres, 11 miles of coastline, eight miles of bluff edges, seven spectacularly uncrowded beaches and one of the few remaining tropical dry forests

on the planet. Mother Nature must consider Peninsula Papagayo one of her finest hours. Set amid this protected peninsula, home to some of Earth's most extraordinary flora and fauna, you'll discover unparalleled views, privacy and tranquillity immersed in natural splendour.

EPIC ECO-EXPERIENCES

Papagayo Explorers welcomes all explorers staying at Peninsula Papagayo to join our expert team of naturalist guides and translators for a world of epic eco-adventures into wide-open wonder. Whether on the peninsula, or in our backyard beyond, we're here to connect, learn, educate, and share in the discovery of the peninsula with you through experiences with purpose. So, leave it all behind, step into the joy of the moment and explore the riches of paradise. The possibilities are astounding.

Our recommendation: the brand new Palmares Aerial Adventure, situated deep inside Peninsula Papagayo's exclusive Palmares Preserve, The Outpost is ground zero for once-in-a-lifetime eco-adventures on land and above ground. From ziplining and aerial trekking to off-roading, mountain biking, wilderness hikes, bird watching and multi-adventure tours, Palmares is the place to go in search of amazing wildlife encounters and immerse in a world apart.

SIGNATURE RAINFOREST MASSAGE

Our Signature Rainforest Massage draws inspiration from Monteverde's Rainforest and the soothing sounds and motion of a peaceful river flow. This treatment will be customized to your preferred pressure and essential oil scent, creating a flow ideal for your mindset and your body's needs.

THERAPEUTIC DEEP TISSUE MASSAGE

This therapeutic massage is designed to relieve long-term pain and issues related to physical activity or incorrect posture. Providing muscle stress-relief and leaving you physically invigorated, our therapist will recommend an at-home stretching routine to enhance the benefits of the massage.

ABHYANGA MASSAGE

In Ayurveda, each of us has an evolving mind-body constitution known as a Dosha. By identifying your Dosha, your therapist will select movements that will clear stagnant energy and restore the flow of prana: the life force that stimulates the body's vital energy.

HEALING BAMBOO MASSAGE

Using freshly cut bamboo, this deep pressure massage reduces stress to relieve tension in the muscles and tendons and stimulate the flow of blood and lymph. A unique and effective way to release built up tension.

DIQUIS HOT STONE MASSAGE

Inspired by the mystical Costa Rican Diquis stones, exclusively found in Costa Rica, warmed volcanic stones are skillfully and harmoniously placed on the body and used in the massage to reduce muscle tension, provide stress relief, relaxation, and comfort.

TSURU ANCESTRAL CACAO

Prepare your body for a pure cacao and banana leaf wrap, where your skin will absorb enriching properties first discovered by ancient indigenous people, while an invigorating scalp and neck massage focuses on the stress release trigger points, to activate and stimulate your endorphins.

VOLCANIC PURIFICATION

Starting with a scrub using a blend of volcanic ash to remove dull skin, this ancient ritual will purify and heal the body and mind. A volcanic mud mask follows, naturally flushing away toxins while replenishing the skin with minerals, before a customized massage to relieve muscle tension.

AGE-DEFYING FACIAL BY BIOLOGIQUE RECHERCHE

An exfoliating and lifting treatment combines with toning and shaping techniques to sculpt contours and re-firm the shape of your face. The lifting effect is immediate, leaving your skin firmer, transformed and glowing.

MOBILE PHONES

Your mobile phone may have service in Costa Rica. We suggest that you check with your provider prior to arrival.

NEWSPAPERS

Complimentary access to PressReader with unlimited downloads of international publications.

LAUNDRY AND DRY-CLEANING

We offer same-day laundry, dry-cleaning, and pressing services. Self-serve washers and dryers are also available, including complimentary detergent.

SHIPPING

We do not recommend shipping any items to the Resort prior to your stay. There can often be long delays and significant importation fees levied on personal goods by Costa Rican authorities.

IMMIGRATION REQUIREMENTS

All United States citizens visiting Costa Rica must possess a passport valid for 6 months after the date of arrival and a pre-paid airline ticket to exit Costa Rica in the next 90 days (either to return to the US or to visit another country). For all non-US citizens, please refer to www.costarica-embassy.org for specific requirements. Costa Rica has stringent customs guidelines for packages shipped into the country. We recommend guests travel with all their luggage, including golf clubs and other personal belongings.

CHILD CARE

Professional babysitting services are available. Child-care arrangements can be made through the Concierge. Due to the high number of requests during this time, the following policies are in effect:

- All child-care requests must be made prior to your stay, as babysitters are subject to availability.
- Maximum of two children under 5 years old per babysitter.

- If child care overlaps with the babysitter's traditional meal times, meals will be charged to the guest's account. An additional charge for one-way transportation to the Resort will be charged if hours of child care are outside the regular employee transportation schedule. Child-care reservations are non-refundable within 24 hours. Changes to reservations will be accommodated upon availability. Note: A second sitter is required for two children under the age of 3. 3-hour minimum.

MEDICAL SERVICES

The Resort has a doctor on call 24 hours a day, seven days a week. The doctor's office is located one level below the spa reception area.

SMOKING POLICY

The Resort is non-smoking. Smoking is permitted on the beaches.

TAX

Daily room rates are subject to 13% tax and a 12% resort fee (+13% VAT). All services are subject to a 13% VAT. All local and government fees and service charges are subject to change without prior notice.
