

THE MACALLAN

THE LIBRARY BY THE MACALLAN - A JOURNEY THROUGH COLOUR -

The Macallan celebrates its commitment to 100% natural colour.

Over time in our sherry seasoned casks, colour from European and American oak weaves itself into The Macallan's clear new make spirit, developing a tapestry of harvest golds, sunset ambers and rich, eloquent mahoganies. Every tone and hue a celebration of the past, landmark of the present and testament to the future.

The Library by The Macallan will take you on a journey through colour and therefore, time.

200 years of The Macallan.

The Macallan, M Copper	2,950

3 x 0.33oz.

The Macallan, M / M Black / M Copper 1,995

THE MACALLAN M

An embodiment of Natural Colour.

M is matured in a small hand selected number of sherry-seasoned oak casks and showcases The Macallan's rich natural colour proudly. The spirit is presented in a flawless crystal decanter which reflects and refracts light, dancing the whisky to life.

THE MACALLAN M BLACK

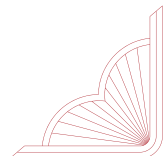

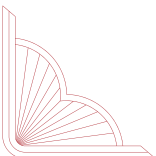

The embodiment of our dedication to Mastery and the unwavering trust and confidence in our craft.

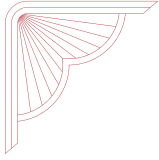

Rare, black ended casks holding peated whisky have been meticulously selected to create this unique expression. The smoke-infused spirit matured in these sherry seasoned oak casks has gathered distinction and depth over decades.

THE MACALLAN M COPPER

An ode to our Curiously Small Stills.

The curiously Small Stills give the spirit perfect contact with the copper, which helps to concentrate our 'new make' spirit and create the rich and robust character that The Macallan single malts are renowned for.
